🗨️ **By using the Help to Buy scheme, I only needed a 5 per cent deposit and a 75 per cent mortgage, as you get an interest free loan from the Government for the remaining 20 per cent. It stays interest free for five years, so you get plenty of opportunity to save and repay the loan. I've found that owning my home is far more affordable than I thought, and in fact my mortgage repayments aren't dissimilar to what I would be paying in rent on a two bed apartment.** 🗨️

...you could be moving sooner than you think!

YOUR QUESTIONS ANSWERED

Am I eligible?

The Help to Buy equity loan is available to all buyers of new build houses and apartments only. You must be able to provide a 5% deposit and fund up to 75% of your selected property through a conventional mortgage. The maximum purchase price is £600,000 in England or £300,000 in Wales.

The purchase must be your only residence.

To be eligible for Help to Buy mortgage guarantee, the home you want to buy must:

- have a purchase price of £600,000 or less
- not be a shared ownership or shared equity purchase
- not be a second home
- not be rented out after purchase

You don't have to be a first-time buyer and there's no limit on your level of income. But you can't use Help to Buy with any other publicly funded mortgage scheme, or an interest-only mortgage.

What deposit will I need?

You'll need a minimum deposit of just 5% of the purchase price.

What is the minimum contribution I can make?

You will be required to finance a minimum of 80% of the purchase price including the 5% deposit. The maximum full purchase price is £600,000 in England or £300,000 in Wales. If you can afford more than 85% of the full purchase price you may not receive Help to Buy assistance.

When do I repay the outstanding loan amount?

The equity loan is repayable either when you sell your home, or after 25 years, whichever is sooner.

Is there any interest on the equity loan?

You don't need to pay any interest on the loan for the first five years. On the 5th anniversary of taking your equity loan an annual fee of 1.75% will be levied, payable in monthly instalments. This will increase annually by RPI plus 1% p.a. Plus, there is a small monthly management fee, by direct debit, of £1 per month from the commencement of the shared equity loan until it is repaid.

What happens if property values fall?

Up to 20% of the property market value is repayable, whether the value is less or more than the original purchase price.

Can I make partial repayments towards the balance of the equity loan?

Yes, partial repayments or 'staircasing' to reduce the value of the loan can be made at any time. The minimum voluntary repayment is 10% of the market value of your home at the time of repayment.

Are there any restrictions on the mortgage provider?

Your first charge mortgage must be from a qualifying lending institution and be a repayment mortgage. Interest-only mortgages are not permitted.
